PIPE CLEARING / PRODUCT RECOVERY FLUIVAC

DESCRIPTION

"FLUIVAC" helps you to make your SUSTAINABILITY PROGRAM successful!

"FLUIVAC" increases your product recovery!

"FLUIVAC" reduces your water consumption drastically!

For efficient emptying of product lines up to 4" diameter pipe systems.

System is designed to recover up to 99% (depending on product) of the product from the product lines without using a foreign body in the line.

Skid mounted horizontal unit to suit up to 4" diameter pipe-work complete with integral control panel.

The enclosure is of grade 304, stainless steel. Unit is sound isolated to reduce sound to a level $L_p < 85$ dB(A) at 1 meter.

System can automatically clear up to 100 different pipe sections by parameter settings.

System is equipped with safety controls to detect product back-flow.

TECHNICAL DATA

- Length overall : 1900 mm
- Width overall : 1200 mm
- Height overall : 2200 mm
- Total weight : 1700 kg
- Installed power : 50 Kw
- Noise level : < 85 dB(A).
